

Animal Behaviour Signs

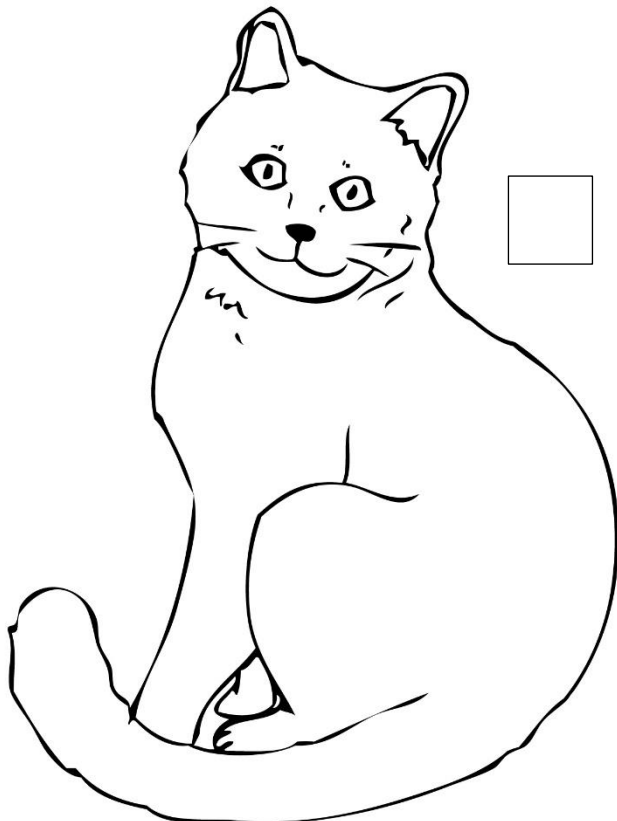

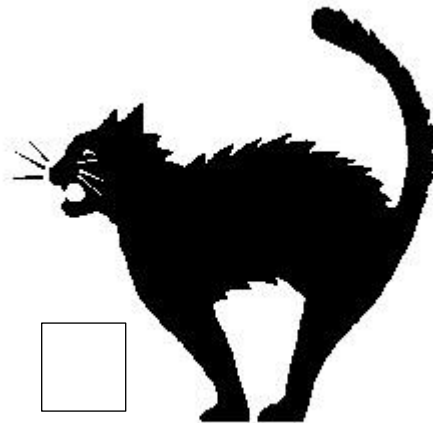

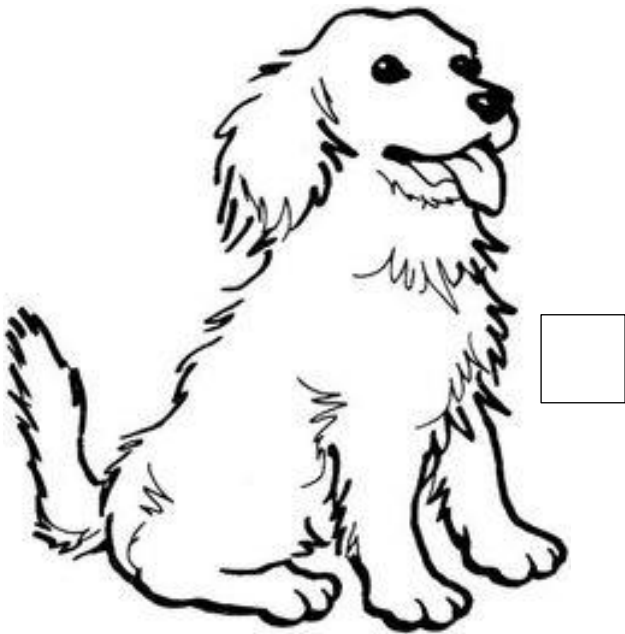

Take a look at the animals below. Are they giving us any warning signs? Put a red **X** in the box next to those animals who are asking us to 'stay away' or a green tick **✓** beside those animals who are friendlier.

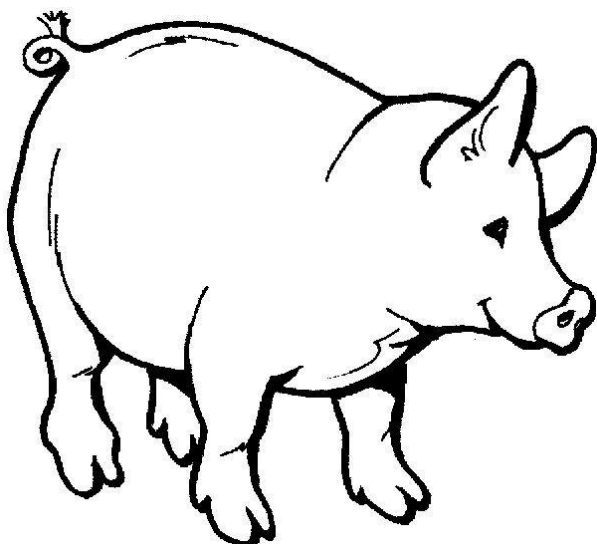

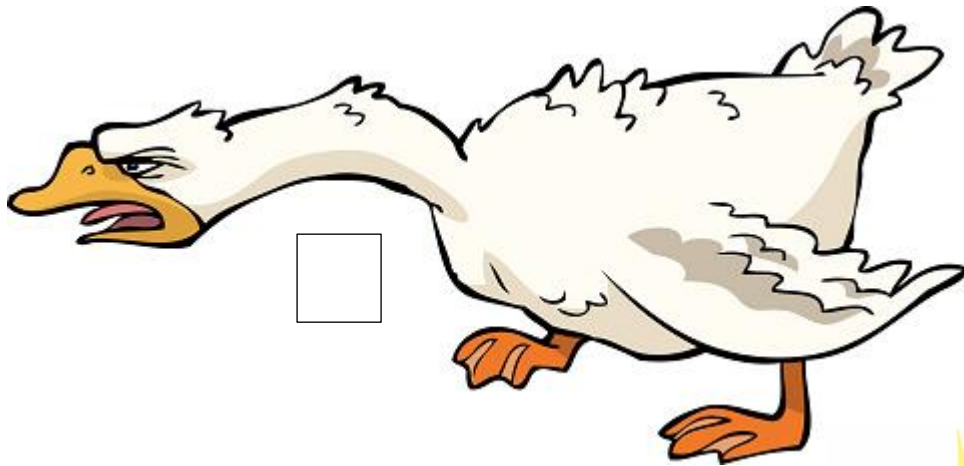

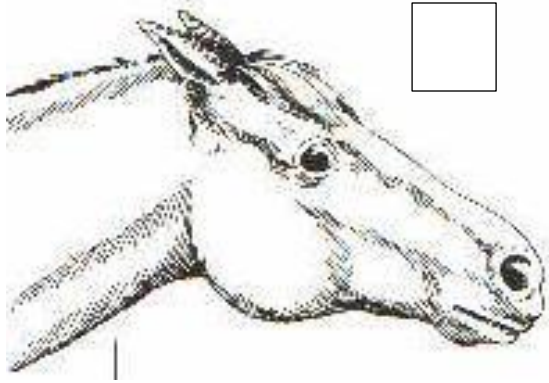

Teachers: you can refer to the 'Animal Behaviour Signs' Lesson Plan for tips and hints

Hey, there is something missing from this bull's nose? Can you work out what it is? When you have why not draw it!

Animal Behaviour Signs

Well done!

Now you can have some fun colouring in our animal friends!
